**REPORT OF THE JOINT COMMISSION
OF THE EMPRESS SHÔKEN FUND**

Document prepared by the Joint Commission of the Empress Shôken Fund

Geneva, October 2011

Executive Summary

Since January 1, 2009, the value of the Empress Shôken Fund's assets has increased from 9.3 million Swiss francs to 10.0 million Swiss francs as at December 31, 2010.

The Fund received additional capital contributions from the Japanese Red Cross in the amount of 236,561 Swiss francs and 56,648 Swiss francs in 2009 and 2010 respectively.

In 2010, following an independent review of the investment portfolio performance versus benchmark, and a decision to enhance the socially responsible nature of the portfolio, the Joint Commission of the Fund administered a competitive selection process for a new investment manager. The portfolio was liquidated and funds transferred from Lombard Odier to Pictet Asset Management in November 2010.

In 2009 the Fund made distributions to four National Societies totalling 148,252 Swiss Francs. Consistent with the Fund's regulations, the Joint Commission decided in 2010 and 2011 to draw down the reserve for loss on investments in order to make further distributions to six National Societies. These distributions totalled 91,319 and 111,665 Swiss francs for 2010 and 2011 respectively.

2012 will mark the 100th anniversary of the Empress Shôken Fund. For the last 100 years the fund has been both a very practical as well as a highly symbolic representation of Japan's steadfast solidarity with the vulnerable around the world. During this period, some 600 projects covering a vast range of needs have been supported. The Joint Commission of the Empress Shôken Fund, in coordination with the Japanese Red Cross, is preparing some events to commemorate the centenary in April 2012, by rekindling its spirit as a continuing source of inspiration and practical support to National Societies.

REPORT 2009-2010
Joint Commission of the
EMPRESS SHÔKEN FUND

1. INTRODUCTION

The Empress Shôken Fund was established in 1912 when HM The Empress Shôken donated 100,000 Japanese yen to the Red Cross in support of National Societies.

In 1934, a second gift from HM The Empress Kojun and HM The Dowager Empress Teimei of Japan increased the Fund to 200,000 Japanese yen.

Over the years, due to the generous contributions of the Japanese Imperial Household and the Japanese Red Cross Society, the value of the Fund's capital at the end of 2010 stood at CHF 10.0 million Swiss francs. In 2009 and 2010, the Japanese Red Cross made additional contributions to the capital of the Fund totaling 293,209 Swiss francs.

The Fund operates as an endowment fund making annual contributions to the development of National Societies worldwide.

The purpose of the Fund is to support National Society projects related to disaster preparedness, health, youth, blood, first aid and rescue, social welfare and the dissemination of the humanitarian ideals of the Red Cross and Red Crescent.

On 11 April each year - the anniversary of the Empress's passing - the Joint Commission announces the allocation of grants to the National Societies. Although the Fund receives approximately 50 requests per year, the Joint Commission continues to emphasize the importance of good quality, well presented submissions consistent with the criteria and regulations of the Fund. The Joint Commission encourages National Societies to contact the country and regional delegations of the International Federation and ICRC for support when preparing submissions.

2. THE JOINT COMMISSION

The Fund is administered by the Joint Commission of the Empress Shôken Fund, which decides on the annual allocation of grants and oversees the financial management of the Fund.

The Joint Commission has continued to meet annually under the chairmanship of the ICRC. Since the last report, the chairman remained the same, Mr. Olivier Vodoz (Vice-President, ICRC). The other members of the Commission were Dr. Mukesh Kapila (Under-Secretary General, International Federation), Mr. Andrew Rizk (International Federation), Mr. Eduard Abegg (ICRC), Ms. Jacqueline Hugentobler (ICRC) and Mr. Jean-Etienne Brodier (International Federation), Secretary for the Joint Commission.

3. FINANCIAL SITUATION OF THE FUND

The value of the Fund at January 1, 2009 was 9.3 million Swiss Francs. Interest income and unrealized gains on investments in 2009 totaled 599,962 Swiss Francs, representing a return of approximately 6.45 per cent. Interest income and unrealized gains on investments in 2010 totaled 169,566 Swiss Francs, representing a return of approximately 1.7 per cent. The value of the Fund at December 31, 2010 was 10.0 million Swiss francs.

Investment returns for the first six months of 2011 have been marginal at 0.02%, and broadly consistent with, but slightly below benchmark of 0.28%. The underperformance can in part be explained by the investment management fees.

After a thorough review of the Fund's historical investment performance by an external consultant in conjunction with the Joint Commission, a decision was made to change portfolio manager. The portfolio was put out to tender and a number of portfolio managers were invited to submit their investment strategies to the Joint Commission and following the board's recommendations, Pictet Asset Management was chosen. The portfolio was liquidated and reinvested with Pictet Asset Management in November 2011.

As the portfolio was transferred November 2010 it was difficult to extrapolate year-end performance against an established benchmark.

The reserve for loss of investments has declined from a 2009 balance of 494,000 Swiss francs to 448,000 Swiss francs as at December 31, 2010, It is anticipated the reserve for loss on investments will be replenished in future years as the underlying investment portfolio appreciate in value.

Despite the need to restore the reserve for loss of investments and the reserve for future distributions, the Joint Commission decided to distribute reduced amounts to National Society projects in the last two years, including 111,665 Swiss francs in 2010 and 91,319 Swiss francs in 2011.

4. GRANT ALLOCATIONS – 2010-2011

Grant allocations for 2009 were presented in the 2009 report to the Council of Delegates. During the period of 2010-2011, there have been two annual distributions of the Empress Shôken Fund (the 89th and 90th distributions) totaling 202,984 Swiss francs to six National Societies as detailed at the end of this report.

A special emphasis was placed on initiatives related to youth protection, which received half of 2010-2011 grants. These focused on a wide range of themes, including road safety for children on their way to school in Georgia, a youth brass band project in Sierra Leone, health education for schools' children in Iraq and youth empowering in vulnerable communities of Vanuatu. Other awarded projects were about community based health and first aid in Tuvalu and environmental protection in Burundi.

The Commission ensures an appropriate regional distribution in the selection of projects and a balanced allocation between the different kinds of activities. It further puts emphasis on the humanitarian priority, feasibility and sustainability of the activities planned.

OF THE EMPRESS SHÔKEN FUND**

Adopted by the Commission at its 8 September 1980 meeting and
Revised at its meetings of 29 March 1985 and 18 May 1990

Article 1 - The present Rules of Procedure reflect the Joint Commission's practice for more than 20 years, and amplify and complete the "Regulations for the Fund" approved by the XVIth International Red Cross Conference, London 1938, and revised by the XIXth International Conference, New Delhi 1957, the XXVth International Conference, Geneva 1986, and the Council of Delegates, Budapest 1991.

Article 2 - Composition of the Joint Commission As provided in Article 2 of the Regulations for the Fund, the Joint Commission shall be composed of three members appointed by the International Committee of the Red Cross (ICRC) and three members appointed by the International Federation of Red Cross & Red Crescent Societies (Federation). The two institutions shall inform the Chairman of the Joint Commission of the names of their regular representatives. Should a member be absent or unable to attend, he may be replaced by a substitute.

Article 3 - Secretariat of the Joint Commission The Secretariat of the Joint Commission shall be assumed permanently by the Federation in order to ensure continuity and stability in the work. The Federation shall appoint one of its members to serve as Secretary of the Joint Commission.

Article 4 - Management of the Funds The Secretariat shall manage the Funds under the guidance and supervision of the Joint Commission. The Chairman of the Commission may set up a working group to help with the work of the Secretariat.

Article 5 - Japanese Representation To ensure regular contact with the Japanese Red Cross and government, the Joint Commission shall invite to its annual meeting, in the capacity of observer, the head of the Permanent Mission of Japan to the United Nations in Geneva or his deputy.

Article 6 - Application for Allocations To be eligible for consideration applications must give full and exact details of the activity for which the allocation applied for will be used. If the cost of the project exceeds the usual amount of allocations from the Fund, the application must include a plan for financing.

Article 7 - Criteria for Allocations When examining the requests submitted, the Joint Commission of the Empress Shôken Fund shall take the following guidelines into account:

- (a) to restrict the number of allocations so that the amounts allocated for each are sufficient to enable the approved projects to be successfully implemented;
- (b) to give priority to developing Societies and, among them, to those that have previously least benefited from the Fund or according to objective criteria, are in greatest need. Some reasonable degree of regional balance should be maintained.
- (c) to exclude request from Societies that have not provided satisfactory written reports on the use of previous allocations from the fund;

- (d) to allocate no more than one half of the total annual allocation for human resource development projects – including training, staff-on-loan support, volunteer and staff scholarship assistance. It will be expected that women will benefit on a equal basis with men;
- (e) to allocate no more than one half of the total annual allocation for equipment and materials that are clearly linked to the objectives of the Fund (excluding transportation items, which are already identified under (f) below);
- (f) to allocate no more than half of the total annual allocation for transportation (cars, ambulances and other vehicles – including spare parts);
- (g) to allocate annually no more than a total of CHF 100,000 for one or several regional programmes. Commitments, within an overall annual expenditure level of CHF 100,000, can be made for regional programmes for a period of up to five years. Actual allocations for each (when longer-term commitments have been made) shall be subject to satisfactory performance progress reports to the Commission. Programme proposals must be signed by all parties to be responsible (e.g. by the Federation and/or the ICRC and two or several National Societies).

Article 8 - Financial Provisions

- (a) allocations will be transferred to beneficiaries only on presentation of an invoice or other document justifying the expenditure made;
- (b) in view of the facilities enjoyed by the Secretariat of the Commission, it may in some cases make purchases itself on behalf of the beneficiary Societies;
- (c) allocations which are not claimed or are unused in the year following their award may be withdrawn and added to the amount available for the following distributions or to the capital of the Fund;
- (d) the same rule shall apply in the case of excess allocations. The difference between the amount allocated and actual expenditure shall be added to the amount available for future distributions or to the capital of the Fund;
- (e) after the distribution of the revenue of the Funds has been announced, if for unforeseen reasons the amounts allocated are insufficient to carry out the project(s), and if no other resource is available to cover the deficit(s) the Secretariat may use the balance, if any, of the sums set aside to cover the cost of administering the Fund as provided for Article 9 of the Regulations, or the sums made available as provided for in (c) and (d) of this Article.
- (f) The accounts of the Fund shall be reviewed every year by the firm of auditors appointed by the Joint Commission.

Article 9 - Revision of the Rules of Procedure The Commission may by consensus revise or modify the present Rules of Procedure in order to adapt them to circumstances within the framework of the Regulations in force.
